Hello Pascal,

Please correct the following proposed issuance dates for:

1. TO-38 Petaluma CA0037810 change from June 11, 2015 to May 11, 2016.
2. TO-32 Low Threat General Permit CAG997001 change from April 2, 2015 to June 11, 2015.

Thank you,

With confirmation from PG that the regional boards' requested modifications to Task Orders 32 and 38 can be accommodated at no additional cost, I hereby issue the attached technical directives to PG Environmental for adjustment of agreed-upon work. Please do not hesitate to contact me if you have any questions.

Pascal:

PG is OK with the proposed changes to TOs 32 and 38; and they can be completed with no cost changes.

We did incur a very minor amount of effort compiling some materials for the Board 4 permits that are being swapped out, but we did not get very far, so I don't see that as a problem at all, and again, no additional costs would be needed for the newly assigned permits.

Let me know if you have any other questions.

Thanks,

Jim

Subject: FW: NPDES Contractor Support change requests from CA SWRCB

Jim – Gil copied you on his E-mail yesterday, but I wanted to check that you were explicitly okay with making all of these substitutions to TO-32 and TO-38 as no-cost changes. I'm particularly concerned since I thought work had started on many of the RB 4 permits due to their proposed issuance dates coming up in less than a month.

Hoping you can clarify or confirm,

-Pascal

Subject: NPDES Contractor Support List Changes

Hello Pascal,

Diana Messina has authorized the following changes to the NPDES permit contractor support list (TO-32 and TO-38):

1. Remove support for Metzger Farms (New) and replace with RB7's Low Threat General Permit (CAG997001). General permit is an existing permit and only contain one or two enrollees. Group level remains the same (2) from TO-32.
2. Remove support for City of St. Helena (CA0038016) and replace it with City of Petaluma (CA0037810). Group level remains the same (2) from TO-38.
3. Remove support for Metropolitan Stevedore Co. (CA0057746) and replace it with Plains West Coast Terminals (CA0052949). Group level remains the same (3) from TO-38.
4. Remove support for Telair Newbury Park (CA0064599) and replace it with PCCR USA (CA0063908). Group level remains the same (3) from TO-38.
5. Remove support for Norwalk Industries Co. (CA0056928) and replace it with Ambassador Towers (CA0053091). Group level remains the same (3) from TO-38.
6. Remove support for East Hynes Tank Farm Facility (CA0059561) and replace it with Tesoro Los Angeles Refinery (CA0003778). Group level remains the same (3) from TO-38.

Please note that the total number of group levels will remain the same. We have notified the Regional Boards of the changes. A spreadsheet with the requested changes is attached.

Please let me know if you have any questions.

Thank you,

-Gil Vazquez
